and Saturday, 8:45 am-5:40 pm.

**Bettendorf Transit**  
4403 Devil's Glen Road  
Bettendorf, Iowa 52722  
(563) 344-8055

**RBT** *will be there!* **563-386-1350**

No matter the season,  
time, or weather...

**The top line of the schedule lists the location of designated Loop stops.**  
The background colors represent the four cities that The Loop route serves, and helps to graphically show the direction of that route.

- Gold = Bettendorf
- Green = Davenport
- Red = Rock Island
- Blue = Moline

**COUNTER-Clockwise Route travels:**  
 → Bettendorf → Village of East Davenport  
 → Davenport → Rock Island → Moline  
 → back to Bettendorf

**Clockwise Route travels:**

- Bettendorf → Moline → Rock Island
- Davenport → Village of East Davenport
- back to Bettendorf

**NOTE:** Schedule for Clockwise route is read in the same way as COUNTER-Clockwise schedule used in this example.

**All buses depart from —  
and end the night at —  
the Bettendorf HUB location.**

**Lines one and two on the schedule give the “first run” times for the two COUNTER-Clockwise buses.**

Those lines indicate the first time that each of the two Counter-Clockwise buses will stop at each given location.

**The third line, below, tells you that the bus will return to that location every hour at that many minutes after the hour.** For example, the first **COUNTER-Clockwise** Loop bus stops at the RiverCenter beginning at 5:16 pm (Th., Fri., Sat. — it would be 11:16 am on Sun.); the second **COUNTER-Clockwise** Loop bus stops at the RiverCenter beginning at 5:46 pm (again, on Sun. the time would be 11:46 am); they then will stop there every hour at :16 and :46 after the hour.

The fourth line tells you the last time a **COUNTER-Clockwise** bus will stop at a location before the service ends. In our example, the last **COUNTER-Clockwise** bus stops at the RiverCenter location at 12:46 am (4:46 pm on Sunday).

**Great for planning your trip!** When you decide what route(s) you will need, go to the individual route maps for schedules and details.

Also included...  
**RBT** River Bend Transit!  
 See inside for the Loop riverfront circulator route map and additional information.

**Davenport Citibus**  
Charles J. Wright Transportation Center  
300 West River Drive | Davenport, Iowa 52801  
(563) 888-2151

## The Loop Schedule Tips:

**The Loop route consists of 3 buses, 2 running COUNTER-Clockwise and 1 running clockwise.** Depending on where you are and where you want to go, decide which directional schedule you should look at. *For example,* if you are starting in Davenport and going to Rock Island, the most direct direction is **COUNTER-Clockwise**. If you are in Bettendorf and want to go to Moline, then **Clockwise** is the quickest.

## “Getting in The Loop”

**Here is The Loop schedule broken down into steps.**

We hope that this little tutorial will help you to understand how to read the bus schedule, and that — even if you've never used public transportation before — you will feel more confident to climb aboard and enjoy the ride.

**MORE GOOD NEWS:** All of the fixed route schedules in this book are the same style as The Loop schedule, so learn one, master them all! If you aren't already, you'll be an expert in no time.
